Messages from the SSCE Cymru team...

Regional School Liaison Officer for North Wales

"It's been a pleasure to visit so many different schools across North Wales this year, from those who already have their Armed Forces Friendly Schools Cymru status to those who are just starting their journey. November saw many Remembrance activities and assemblies, and it was so lovely to see schools marking this important date. We also had the fantastic Forces Festival at RAF Valley in November, which was a fantastic opportunity to bring our Service children across the North together to share experience and celebrate being a Service child. It was a fantastic day, thank you to all involved! Don't forget to check the number of Service children in your setting, and update SSCE Cymru by 31st January 2024.

Nadolig Llawen/Merry Christmas! I hope you have a lovely break, take care and I look forward to working with you again in the New Year!"

Cara, CaraLloyd-Roberts@ynysmon.llyw.cymru

Participation Lead Officer

"On the Saturday 18th November a few of our Service children ambassadors joined me at this year's Young Wales Festival at Swansea University. This is an annual event hosted by Children in Wales and allows young people the opportunity to learn more about their Rights. It was an exciting and informative day, where we had an opportunity for our ambassadors to share their experiences and views with the Children's Commissioner for Wales. Please see our journal for more details and if you would like to join our growing list of Ambassadors, then please do get in touch.

Nadolig Llawen/Merry Christmas! I hope that you are all looking forward to the break, but for those Service children/young people and their families who have a parent or loved one serving away at this time, you are in our thoughts for a happy reunion in the New Year. Thank-you and best wishes to you all."

Jo, Joanna.wolfe@wlga.gov.uk

This is an opportunity for our team to publicly recognise an SSCE Cymru STAR, and say thank you to a Service child, member of school staff, work colleague, network member or organisation that have positively collaborated with us or shown exceptional support to Service children in education and their local Armed Forces community. We are grateful to work with some truly inspiring individuals and groups who ensure that Service children continue to feel valued and celebrated here in Wales.

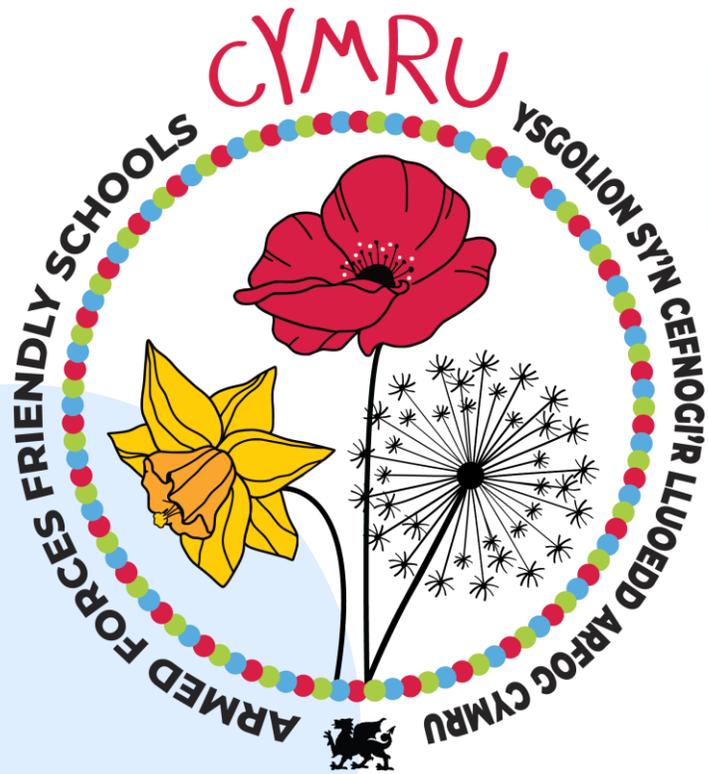

Seren of the month – December 2023

It has been a pleasure working with Reg at Haverfordwest High VC School. As a veteran, Reg has firsthand experience of the Armed Forces lifestyle and as a result, he understands the importance of setting up a Forces Life Club at the school with his colleague Emma Richards. This has given the Service children at the school and within the cluster an opportunity to come together regularly, share their individual experiences and have fun. Reg has worked hard with his team, and this has shown in the achievement of the Gold Armed Forces Friendly School Cymru status. Reg is now using his knowledge of the SCiP Alliance Thriving Lives Toolkit and is sharing this to help other schools within West Wales.

Diolch Reg and the Haverfordwest High VC School Team! Please keep up the good work.

SSCE Cymru's Armed Forces Friendly Schools (AFFS) Cymru initiative was launched in 2022. Schools in Wales complete a series of activities and actions that are linked to the SSCE Cymru School Checklist, including some compulsory elements, in order to achieve their Bronze, then Silver, then Gold status. The objectives are to embed good practice for supporting Service children, create a positive environment for Service children to share their experiences and encourage schools to become more engaged with their Armed Forces community.

This month, we are pleased to congratulate the following schools for achieving their AFFS Cymru status:

Bronze: Pembroke Dock Community School (Pembrokeshire)

Silver: Baglan Primary School (Neath Port Talbot)

Congratulations to all schools who have achieved their Armed Forces Friendly Schools Cymru status. So far, 18 schools have achieved their Bronze status, 5 schools have achieved Silver and 3 schools have reached Gold!!!

Click here for further information about Armed Forces Friendly Schools Cymru.

Further information...

SSCE Cymru E-learning

The SSCE Cymru team are very excited to be in the process of working with Walkgrove Ltd to develop a NEW on-demand, bi-lingual, e-learning training package on 'Supporting Service children in education in Wales', based on the content of the CPD sessions which have been successfully delivered by the RSLOs over the past few years.

LAUNCHING
JANUARY
2024!

SSCE Cymru data collection

Last year's data held by SSCE Cymru indicate that over 35% of schools in Wales have Service children enrolled, with around half of those having only 1 or 2 Service children.

SSCE Cymru would like to ensure we have a strong understanding of the number and location of Service children in Wales. Therefore, we are requesting that all schools, if they haven't already, complete the digital form [here](#) to provide us with the most accurate record.

We kindly ask schools complete this no later than **31st January 2024**.

To support you with this activity we would recommend your school consider using the SSCE Cymru [Tool 4 \(Template letter to parents/carers\)](#) or use a free online survey tool (e.g. Microsoft Forms) to collate the data.

Please liaise with your [Regional School Liaison Officer \(RSLO\)](#) for support.

**NEXT
DEADLINE:
15th Dec.**

SSCE Cymru funding advice document

This document provides advice from the SSCE Cymru team for schools and local authorities, to assist them when applying for funding to support Service children / local Armed Forces community.

It also includes a checklist of suggested actions to help when preparing and completing a funding application and a list of funding ideas and suggestions.

[Available here](#)

SSCE Cymru case management support

Case management is available to schools that have an individual Service child or a very small number of Service children with a specific need related to the impact of their Armed Forces lifestyle.
